

MILLSTREAM
ESTATE SERVICES LIMITED

CASE STUDY:

REAL ESTATE ENVIRONMENTAL SERVICES

OVERVIEW.

We have been providing a range of planned and reactive environmental services to a national real estate agency for over a decade.

OUR SCOPE.

Our clients know that they can contact us when they have a range of environmental issues, and that we will find a solution. This could be anything from litter picking through to blocked drains.

Alongside our fast reactive responses to call outs we offer the full range of planned, preventative tasks to keep our client's sites in pristine condition.

THE OUTCOME.

We have established a responsive call out service for our national client which ensures they have peace of mind when problems arise on site. Increasingly, our client is relying on our planned preventative services to reduce issues and ensure site safety.
